- 5.3 All rights and interests and all intellectual property rights (including, without limitation, all trademarks and trade names in or relating to the Company) are owned by the Company or Company's suppliers and will remain our property or that of our suppliers at all times. The Client will have no right or interest in those intellectual property rights other than the right to access the Company's electronic systems.

The Client acknowledges and accepts that the Company has the right not to accept any verbal instruction in case the Company's personnel are not satisfied of the caller's/Client's identity or in case the caller/Client does not provide clear instructions to the Company. The Client acknowledges that verbal instructions will be treated on a first come, first served basis and the Company bears no responsibility of possible delays on placing the verbal instruction to the Dealing desk.
- 5.5 The Client undertakes the necessary precautions to ensure the confidentiality of all information, including, but not limited to, the access codes of the Company's Electronic Systems, transaction activities, account balances, as well as all other information and all orders. 6. Client Instructions and Orders

- 6.1 The Client understands and acknowledges that all orders executed between the Client and the Company are orders executed outside a Regulated Market or MTF.
- 6.2 The Client understands and acknowledges that the Company will enter into transactions with the client as principal (counterparty) and not as an agent; even though the Company may transmit the Client's order to the liquidity provider(s) for execution, due to risk parameters (i.e. clients with high volume, big equity, etc.), the Company will still be the contractually counterparty to the Client.
- 6.3 The Client can open and close a position via its Company's Trading Platform and add or modify orders by placing Buy Limit, Buy Stop, Sell Limit, Sell Stop, Stop Loss and/or Take Profit on any Financial Instrument.

- 6.4 The Client's orders are executed at the Bid and Ask prices that are offered by the Company, derived by its Liquidity Provider(s). The Client places his market request at the prices he sees on his client terminal and the execution process is initiated. Due to the high volatility of the market as well as the internet connectivity between the Client terminal and the server, the prices requested by the Client and the current market price may change, during this process.
- 6.5 The Client has the right to use a Power of Attorney to authorise a third person (representative) to act on behalf of the Client in all business relationships with the Company as defined in this Agreement. The Power of Attorney should be provided to the Company accompanied by all identification documents of the representative. If there is no expiry date, the Power of Attorney will be considered valid until the written termination by the Client.
- 6.6 The Company shall record telephone conversations, without any prior warning (unless required to do so by Applicable Regulations), to ensure that the material terms of a Transaction and/or order placed by the Client and/or any other material information relating to a Transaction are properly recorded. Such records will be the Company's property and will be accepted by the Client as evidence of his orders or instructions. The Company may use recordings and/or transcripts thereof for any purpose which it deems desirable.
- 6.7 The Client acknowledges that the Company has the right to refuse accepting orders and/or instructions by the Client when they are not clear or during the following cases: opening a position, closing a position, modifying or removing orders.
- 6.8 If any underlying asset of the Financial Instrument becomes subject to possible adjustments as a result of any of the events set out in Clause 6.8 (referred to as "Corporate Event"), the Company will determine the appropriate adjustment, if any, to be made to the opening/closing price, size, value and/or quantity of the corresponding transaction (and also the level or size of the corresponding orders). This action is made in order to (i) account for the diluting or concentrating effect necessary to preserve the economic equivalent of the rights and obligations of the parties under that transaction immediately prior to that Corporate Event, and/or (ii) replicate the effect of the Corporate Event upon someone with an interest in the relevant underlying security, to be effective from the date determined by the Company.
- 6.9 The events to which Clause 6.7 refers to are any of the following, by the declaration of the issuer of a security:
- a) a subdivision, consolidation or reclassification of shares, a share buy-back or cancellation, or a free distribution of bonus shares to existing shareholders, capitalisation or share split or reverse share split or similar event;
 - b) a distribution to existing holders of the underlying shares or additional shares, other share capital or securities, granting the right to payment of dividends and/or proceeds from the liquidation of the issuer equally proportionate to such payments to holders of the underlying shares, securities, or warrants granting the right to receive or purchase shares for less than the current market price per share;

- c) any other event regarding shares analogous to any of the above events or otherwise having a diluting or concentrating effect on the market value of shares; or
 - d) any event analogous to any of the above events or otherwise having a diluting or concentrating effect on the market value of any security not based on shares.
 - e) any event that is caused by a merger offer made regarding the company of the underlying asset.
- 6.10 If any underlying asset of the Financial Instrument becomes subject to a specific risk resulting in a predicted fall in value, the Company reserves the right to restrict short selling or even withdraw the specific Financial Instrument from the Company's trading Platform.
- 6.11 Determination of any adjustment or amendment to the opening/closing price, size, value and/or quantity of the Transaction (and/or the level or size of any order) shall be at the Company's sole discretion and shall be conclusive and binding upon the Client. The Company shall inform the Client of any adjustment or amendment via its internal mail as soon as is reasonably practicable.
- 6.12 In the case where the Client has any open positions on the ex-dividend day for any of the underlying assets of the Financial Instrument, the Company has the right to close such positions at the last price of the previous trading day and open the equivalent volume of the underlying Financial Instrument at the first available price on the ex-dividend day. In this case, the Company will inform the Client via the internal mail of the said adjustment and no Client consent will be required.
- 6.13 The Company shall not be liable for any loss, expense, cost or liability (including consequential loss) suffered or incurred by the Client as a result of instructions being given, or any other communication being made via the internet or other electronic media. The Client will be solely responsible for all orders, and for the accuracy of all information, sent via such electronic media. The Company shall not be held responsible for delays or inaccuracies in the transmission of any instruction, information or the execution of orders due to any cause beyond the reasonable control of the Company.
- 6.14 The Company shall not be liable for any delays or other errors caused during the transmission of the Client's order via the Company's trading platforms. The delay can be caused by various reasons depending on the current market conditions (e.g. high market volatility) as well as having a slow / weak internet connection between the Client's terminal or any other trading platform offered by the Company and the Company's server.
- 6.15 All Clients' orders (Market, Stop Loss and Take Profit), except pending orders, are executed at the available current market prices. Client's orders such as Buy Limit, Buy Stop, Sell Limit, Sell Stop, Stop Loss and/or Take Profit on any Financial Instrument shall be executed by the Company at the Client's requested prices. However, in the case of any communication or technical failure as well as any incorrect reflection on the quotes feed (i.e. prices to freeze/stop updating or price spikes), the Company reserves the right not to execute an order or in case in which the

order was executed to change the opening and/or closing price of a particular order or to cancel the said executed order.

- 6.16 The Client accepts and acknowledges that the Company is not responsible in case a Client's order is delayed or not even executed at the price requested (i.e. prevailing market price) since the quotes are derived from the liquidity providers using a bridge technology; market prices usually moves fast during volatile periods.
- 6.17 Due to the levels of volatility affecting both price and volume, the Company seeks to provide Client orders with the fastest execution reasonably possible. Client's orders (Buy Limit, Buy Stop, Sell Limit, Sell Stop, Stop Loss and/or Take Profit) are executed by the Company at the requested price. However, under certain market conditions (i.e. due to limited volume in the market), orders may not be filled at the exact price requested but instead at the best available market price. This may occur during news announcements, during periods of volatile market conditions, on opening gaps (trading session starts), or on possible gaps where the underlying instrument has been suspended or restricted on a particular market. Thus, by placing a stop loss order will not necessarily limit the Client's losses at the intended amount.
- 6.18 Considering the volume of the Client's order and the current market conditions, the Company has the right to proceed with partial execution.
- 6.19 The swap rate is mainly dependant on the level of interest rates as well as the Company's fee for having an open position overnight. The Company has the discretion to change the level of the swap rate on each Financial Instrument at any given time and the Client acknowledges that he will be informed by the Company's Main Website. The Client further acknowledges that he is responsible for reviewing the contracts specifications located on the Company's Main Website for being updated on the level of swap rate prior to placing any order with the Company.
- 6.20 The Company reserves the right to disable and/or enable swap free trading for Client's trading account at any given time. This can occur at times where the Client abuses the Company's trading conditions/systems or where the Client's trading strategy imposes a threat to the Company's trading facility or where the Company deems necessary in order to protect the smooth operation of its trading facility.
- 6.21 All orders are placed in lot sizes. A lot is a unit measuring the transaction amount and is different per each Financial Instrument. The minimum volume size for all Financial Instruments is 0.10 lot. The Client further acknowledges that he is responsible for reviewing the Contract Specifications located on the Company's Main Website for being updated on the level of swap rate prior to placing any order with the Company.
- 6.22 The Client can set his leverage level from 1:1 up to 1:200 maximum. The Client acknowledges that the Company has the discretion to change the Client's trading account leverage at any given time, without the Client's consent, either on a permanent basis or for a limited period of time. The Client also acknowledges that the Company has also the right to change the Client's leverage to match the one provided by the Liquidity Provider(s). Such an event will be disclosed to the Client by the Company via its internal mail or by email.

- 6.23 The Company bears no responsibility when the Client uses additional functionalities / plug-ins such as Expert Adviser or Trailing Stop since they depend on the Client terminal. In case where the Company suspects that a Client is using additional functionalities /plug-ins where it affects the reliability and/or smooth operation and/or orderly of the Company's Trading Platform the Company has the right to activate any clause under section 24, including clause 24.4.
- 6.24 The Company shall have the right to start closing Client's positions starting from the most unprofitable, when the margin level is less than 110%. In the case where the margin level is equal to or less than 100%, then Client's positions are automatically closed, starting from the most unprofitable, at the market price. The Client also acknowledges that the Company has the right to change the Client's stop out margin level to match the one provided by the Liquidity Provider(s). Such an event will be disclosed to the Client by the Company via its internal mail or by email.
- 6.25 In case where a Client is trading in a way that aims to take advantage of price disparities resulting from rare/occasional price latencies with the purpose of benefiting from a possible pricing arbitrage to the Company's detriment, either by using additional functionalities/plugin-ins (i.e. Expert Adviser, etc.) or by any other means, then the Company has the right to activate any clause under section 24, including clause 24.4.
- 6.26 The Client acknowledges that an initial deposit limit applies for a Client who is willing to obtain an STP/ECN account which such limit will be stated in the Company's website. Furthermore, the Client acknowledges that by opening an STP/ECN account will not be able to have any promotions offered by the Company.

- 8.3 The Company is considering fulfilling its obligation under paragraph 8.2, since the Client can obtain a statement of his Accounts as well as confirmation of any transaction via the Company's Trading Platform. Any objection of the Client with regards to his executed transactions will be valid only if the Company receives the objection in writing within four (4) business days from the date of the said transactions.
